## 2007 Conference Schedule

**THURSDAY** Main Themes: Auditory Processing Disorders, Voice Work

Register at 8:30, Start at 9:00, Close for Reception at 6 pm

**Presentation: Deborah Swain, Ed.D, CCC-SLP**, Tomatis Practitioner and co-author of *Auditory Processing Disorders: Assessment, Management, and Treatment* (2006) presents on the behaviors, educational implications, testing and treatment of APD. Dr. Swain will also discuss findings from her research measuring efficacy of the Tomatis therapy on students diagnosed with APD, to be published in the International Journal of Listening this year.

**Workshop: Darlene Koldenhoven**, Grammy Award-winning singer and voice coach, presents on *Soulful Singing: Moving Mind, Body and Spirit*. Ms. Koldenhoven's workshop demonstrates voice techniques including toning, vocal and rhythmic healing patterns to exercise your brain, relax your body, and become more focused.

**Presentation: Lisa Leyden, MS, CCC-A**, experienced DLS Practitioner and audiologist presents on the use and interpretation of the SCAN-C and the SSW, two important tests for helping to identify APD. This presentation will be combined with illustrative case examples, particularly those cases that show strong left/right ear advantages or delays in the development of the auditory system.

**Panel Discussion on Auditory Processing Disorders:** interactive discussion among panelists and attendees regarding APD; Moderated by Ron Minson, MD  
Panelists: Lisa Leyden, MS, CCC-A, Michelle Herman, OTR/L, Deborah Swain, Ed.D.

**Reception Thursday evening following Panel Discussion**

**FRIDAY** Main Themes: Actives, Children on the Autistic Spectrum, Case Studies

**Workshop: Paul Madaule, renowned author and clinician**, gives an interactive workshop "Building on the Ear-Voice Connection: the Microphone Work." Mr. Madaule brings his 30-plus years of experience to this enormously valuable workshop on the Expressive, or Active, Phase of the Tomatis Method.

**Presentation: Lindsay Swain**, Director, Swain Center, presents on her experience in treating more than 150 autistic children with the Tomatis Method. She will discuss programming issues that are raised by this challenging population and some guidelines from her wealth of experience.

5655 S. Yosemite St., Suite 303 Greenwood Village, CO 80111  
Tel 303-741-4544 Fax 303-322-5550 [www.integratedlistening.com](http://www.integratedlistening.com)

**\*Case Study Analysis** – cases are presented for discussion; attendees are able to ask questions in an open forum and take advantage of the wealth of experience and varied professional perspectives

**SATURDAY** Main Themes: Mother's Voice and Case Studies

**Discussion: “The Mother’s Voice Dilemma”** - a discussion led by Ron Minson, MD regarding the Mother’s Voice, and the dilemma created by discrepancies between Dr. Tomatis’ original theory and current day science.

**Case Study Analysis** – more cases are presented for discussion; attendees are able to ask questions in an open forum and take advantage of the wealth of experience and varied professional perspectives

**12:00 NOON CONFERENCE CLOSE**
